PRODUCT DATA SHEET

PUDLO Self Seal Primer

DESCRIPTION

PUDLO Self Seal Primer is a brush applied bitumen solution that is used in conjunction with **PUDLO Self Seal**. The primer is used as a base coat to consolidate the substrate and ensure complete bonding to the structure.

USES

PS Premsil Primer is only used where **PUDLO Self Seal** is specified for waterproofing protection i.e. podium / suspended slabs or where **PUDLO Membrane BW / PUDLO Rawmat** terminates linking into **PUDLO Self Seal**.

BENEFITS

- Easy to apply
- Single pack liquid coating that requires no mixing
- Ensures complete bond development of **PUDLO Self Seal**
