

ISO 9001:2015 Quality Policy Statement

As one of the UK's leading manufacturers and suppliers of waterproofing products and services, low carbon cement replacements, and graded fuse sand, we are committed to continued growth, continual improvement of our Quality Management System and in satisfying applicable requirements, including statutory and regulatory.

We recognise that improvements in process understanding and compliance will help to ensure the sustainability of our Organisation; as will the maintenance of our organisational knowledge for the consistent provision of our products and services.

We are committed to continuing our accredited ISO 9001 certification through cooperation, motivation and effective collaboration with all interested parties. This ensures consistency of approach, continual improvement and confidence / trust in our processes to deliver products and services to requirements.

Quality objectives are set to support this policy. These objectives are reviewed as part of the management review process with senior management.

We are committed to enhancing customer satisfaction through effective application of our Quality Management System, and with it a socially responsible attitude to the manufacture and service of all our products throughout our organisation's operations.
