

Covering Policy Statement

DB Group (Holdings) Ltd is firmly committed to protecting the environment, the safety & health of its employees, customers, contractors, interested parties and the local community within which it works in manufacturing and providing quality products and services to the construction industry.

Our policies outline the Company's responsibilities and the commitment shown by the Company and all of its employees to continually improve our processes, to manage health and safety, responsible sourcing and environmental performance in an effective way.

The company strictly adheres to health and safety and environmental regulations as a minimum standard.

Every employee will contribute to the prevention of incidents by identifying, & reporting any health, safety or environmental hazards immediately.

The company will provide the necessary training to employees to support the above commitments.

Our policies are reviewed on an annual basis, or sooner should there be a need to implement new regulations or processes.

Wayne Zakers
Chief Executive Officer
